BCMS in Practice: Capstone Checklist (YouTube edition)

Score each line 0 (missing), 1 (partly) or 2 (done). Use your own organisation or Falcon Ridge. You upload nothing. Aim for 34 out of 40 or more, with no zero in part B, C or D.

A. Scope and impact analysis (files 01 and 02)

#	Check	Score
A1	Issues listed, each pointing to a risk or strategy; climate decision recorded with a reason and a date	
A2	Interested parties with requirements, and a legal register	
A3	Scope statement with services, activities, locations and reasoned exclusions	
A4	At least three activities scored at six intervals, at the peak period, with who said so and when	
A5	RTO below MTPD and RPO within tolerance for every activity: no RED FLAG	
A6	Dependencies and minimum resources recorded; analysis signed by owners and approved	

B. Strategies and plans (files 03 to 06)

#	Check	Score
B1	Six scenario types scored with one method; every risk at treat level linked to a strategy	
B2	At least two options per prioritised activity, with achievable times from evidence	
B3	Every GAP funded, accepted or retargeted, with a named owner	
B4	Plan: triggers with a decider, one declarer and deputy, a first-hour table, a role-based call tree	
B5	Runbook: systems in four classes, a recovery order with reasons, every step ending in evidence	
B6	Plan and runbook use exactly the same RTO and RPO as the analysis	

C. One exercise (file 07)

#	Check	Score
C1	Success criteria written before the exercise, using the targets from 02	
C2	Report issued within ten working days, with results against the RTO	
C3	Every finding logged as a corrective action with an owner, a date and closure evidence	
C4	At least one document changed because of a finding	

D. Using AI safely (lesson 7.1 and files 10, 11)

#	Check	Score
D1	You found at least five of the six mistakes in the practice BIA	
D2	Every document you drafted with AI is logged in file 11, with a named reviewer	
D3	No RTO, RPO, MTPD, test result or sign-off in your documents came from AI	

#	Check	Score
D4	Every clause reference checked against your licensed copy	

Total: _____ / 40
